BUYING TOYS FOR NEXT CHRISTMAS

Do you know that the toy buy-ers for the big stores are already on their way to Europe to buy the toys for next Christmas?

Incidentally they are keeping their weather eyes open for features to brighten up their next Christmas advertising.

This is an example of how merchandisers and advertisers plan "long ahead."

It shows why you always see a new note in advertising. Advertising is the voice of bus-

iness and business is invariably a Progressive. It does not wait for things to happen. It makes things happen. The reader of advertising is always just a little bit ahead of

the times.

THERE is no agreriting medium in Eastern Connecticut equal to The Bul-letin for business results.

CALLED

Engine Sparks Started Grass Fire Near Boat Club House-Kerosene Flashed Up In West Side Store-Chimney Fire In Buswell Building-Cellar Fire At Home of Max Schwartz On Asylum Street.

Four calls for the firemen from 1.05 p. m. to 10.55 p. m., constituted ten hours free from monotony for the Nore wich department on Wednesday. None of them were bell alarms.

The first came for a grass fire on the bank near the Chelsea Boat club house and had probably been started by sparks from a locomotive. It made but few minutes work for the autochemical and Chemical Companies No. 1 and No. 2 which responded.

This was followed at 5.10 by a summons to the Chemical company from the West Side station to come to the small grocery store of Louis Rosenberg at No. 194 West Main street. They were promptly on the scene where they threw a kerosene heater into the street. From what Chief Stanton learned it appeared that the heater needed more oil and in order to fill twith kerosene, the wick was turned down, but still held some sparks while the oil was poured in. The kerosene spattered onto the sparks and a flash of flame and smoke resulted.

This call was followed by one at 5.40 for a chimney fire in the Buswell building at the corner of Main and Shetucket streets, to which the autochemical from the Central station and Chemical Company No. 1 from the Main Street station responded. There

HEIFERS WERE MISSING STATE HOSPITAL TRUSTEES FROM WATERFORD PASTURE. Charles S. Shea on Trial, Charged Dr. Pollock Explains Provision for Testing Weights and Measures. With Taking Them.

The trial of Charles S. Shea of Wa terford occupied all the time of the criminal superior court in session here on Wednesday, and was not concluded when court adjourned at 4.10 o'clock. Judge Burpee directed that the adjournment should be to 9.20 this morning

two heifers on August 1st, each valued at \$75, from Albert Fowler and Charles R. Ogden of New London. This trial will be the last of this term of the court. The jurors who were not en-gaged in the trial of this case were paid off and excused.

Shea is charged with taking and carrying away a Jersey heifer belonging to Ogden and a Guernsey heifer belonging to Fowler. Fowler and Ogden allege that they put the helfers out to pasture in Waterford in June in a pasture owned by Ernest Lewis, and that later they were missing.

that later they were missing.

The following is the jury in the case:
Charles M. Staubley, Phillip O. Yerrington, James E. Kennedy, Preston;
Charles Latham, Herman W. Roberts,
William A. Edmond, Griswold; Roger
Foote, W. Irving Mott, Lebanon;
George C. Brown, North Stonington;
Thomas Fields, Bozrah; Curtis F. Hazen, Sprague; Luther S. Tanner, Voluntown. Mr. Ogden testified that he went to

Attorneys Warren Burrows and Clayton B. Smith.

Isaac Meran testified to buying two heifers from Mr. Shea, for which he paid \$50. He gave a description of the animals, which showed they were somewhat like those that Mr. Fowler and Mr. Ogden missed.

That Mr. Shea came to their place and took away two head of cattle that he claimed was the testimony of Owen C. Williams and his wife Martinello. Williams place and also to seeing the cattle there and later seeing two heifers at the poor farm, but they were not like those he had seen at the Williams place.

Constable Fred M. Dimmock of Walter of the sole basis of his proven ability to perform the duties of his office or employment more efficiently than any other candidate therefor, and the civil service commission shall, subject to the approval of the governor, make rules to carry out such purpose. At present all employes at the Norwich state hospital are under one class, but is the intention of the commission to make different classes of the employees in the state institutions here.

AT DAVIS THEATER.

Mutt and Jeff in Panama.

There were good sized audiences at the Davis theater on Wednesday to see the two performances by those old car-

Constable Fred M. Dimmock of Wa terford testified that he began to look for the missing cattle in October which

terford testified that he began to look for the missing cattle in October which was several days before Mr. Shea was arrested. He told of going to the Shea place with Mr. Shelly to look for the cattle, but they were not there. He also told of a conversation with Mr. Shea in which the latter asked if he thought the man who lost the cattle would take \$50 for them.

Gilbert N. Faulkner testified that the yellow and white heifer was such a fine large fat animal that it could not fail to attract attention. He went with Mr. Dimmock to look at the two heifers about two months and a half ago at the Shea place and he saw one big heifer, white and yellow that was marked somewhat similar but was not near so well kept and was a good deal thinner than the one he saw at the thinner than the one he saw at the Lewis' place. About the small heifer he saw he could not say whether it was or was not the same as had been at Mr. Lewis'.

on cross examination by Attorney Geary, the witness amused the court and jury by saying that the big heifer had a neck on her like a bean pole and about half as long as the attorney's table in the court room. The table is over 3 feet long.

Harry Beckwith who had also had attention called to the animals at the

attention called to the animals at the Shea place sometime after the arrest of Mr. Shea, testified that the white of Mr. Shea, testified that the white and yellow helfer he saw at the Shea place had more white in than the other white and yellow one he had seen.

Cyrus E. Shelley of Waterford, a fisherman, testified to going with Mr. Dimmock to the Shea place where he heard Mr. Shea say to Mr. Dimmock that he had traded two helfers with a man who came along the road and Mr. Shea did not know the name of the man. Mr. Shelly also testified that the cllow and white one he saw then at the Shea place was not the same as had been at the Lewis place. He could not say about the other heifer. The witness has worked for Mr. Shea. On cross examination the witness said neither of the heifers were the same as the one's he had seen at the Lewis place. He had seen the helfers only once. One of the previous witnesses and testified that the big white and yellow helfer would probably weigh 800 pounds, but Mr. Shelley did not believe she would weigh 600, live

Lewis place. He had seen the heifers only once. One of the previous witnesses and testified that the big white and yellow heifer would probably weigh 800 pounds, but Mr. Shelley did not believe she would weigh 600, live weight.

Witness Arrived After Adjournment.

At this point in the case Major Hull said that the state had one more witness to present, Ernest Lewis, and would then rest, but that the witness was not here but was attending the state grange meeting in Hartford. He suggested that the attorney for the defense might possibly be willing to begin his case and allow this missing witness for the state to be brought in later.

Attorney Geary did not wish to do this, and the judge remarked that he did not see that there was any business in the state that would excuse

Throw Away Your Eye-Glasses!

A Free Prescription

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says. "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to Lee and Osgood or any active drug store and get a bottle of Optona. Fill a two ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

DIRECTORS ELECTED Annual Meeting Held at the Office of Company at Plainfield-Directors to Meet Later.

Testing Weights and Measures.

The regular quarterly meeting of the board of trustees of the Norwich state hospital was held at Brewster's Neck Wednesday forehoon. Besides Supt. H. M. Pollock, there were present Costello Lippitt, Dr. C. E. Stark, Dr. J. J. Donohue, Charles A. Jenkins of Willimantic and Lester R. Watrous of New London. Business was of a routine nature, and a dinner to the trustees followed the meeting.

Superintendent Pollock explained the public acts recently passed relative to weights and measures in state institutions and the state civil service. In part his explanation was as follows:

The act concerning weights and measures provides that the superintendent of weights and measures, that is, the superintendent of the state police, shall at least once a year test all scales, weights and measures used in checking the receipt or dishursement of supplies in every institution for the maintenance of which moneys are appropriated by the general assembly, and he shall report in writing his findings to the supervisory board and to the executive officer of the institution concerned, and at the request of such board or executive officer the superintendent of weights and measures shall appoint, in writing, one or more employes, then in the actual services of each institution, who shall act as special deputies for the purpose of checking the receipt or dishursement of supplies. He shall keep a complete record of the standards, balances and other apparatus belonging to the state and take a receipt for the same from his successor in office. This matter The annual meeting of the stock-holders of the Lawton Manufacturing company at Plainfield was held at the office of the company at twelve o'clock Wednesday with the usual representation of stockholders.

The reports of the officers were read and approved showing the company to have had an excellent year.

Directors were reelected for the ensuing year as follows: Harold Lawton, Plainfield, Charles E. Riley, Boston: Walter E. Parker, Lawrence, G. M. Whiton, Whitinsville; Edwin F. Green, Boston; John Porteous, Norwich. The meeting of the directors for the election of the officers of the company was delayed until a later date.
